

Diploma Supplement

Actionable and Future Proof

Lebpass is more than a document,
it is a community of Recognition

Lebpass is:

- a machine readable data format
- a network of connections
- a network of endorsements

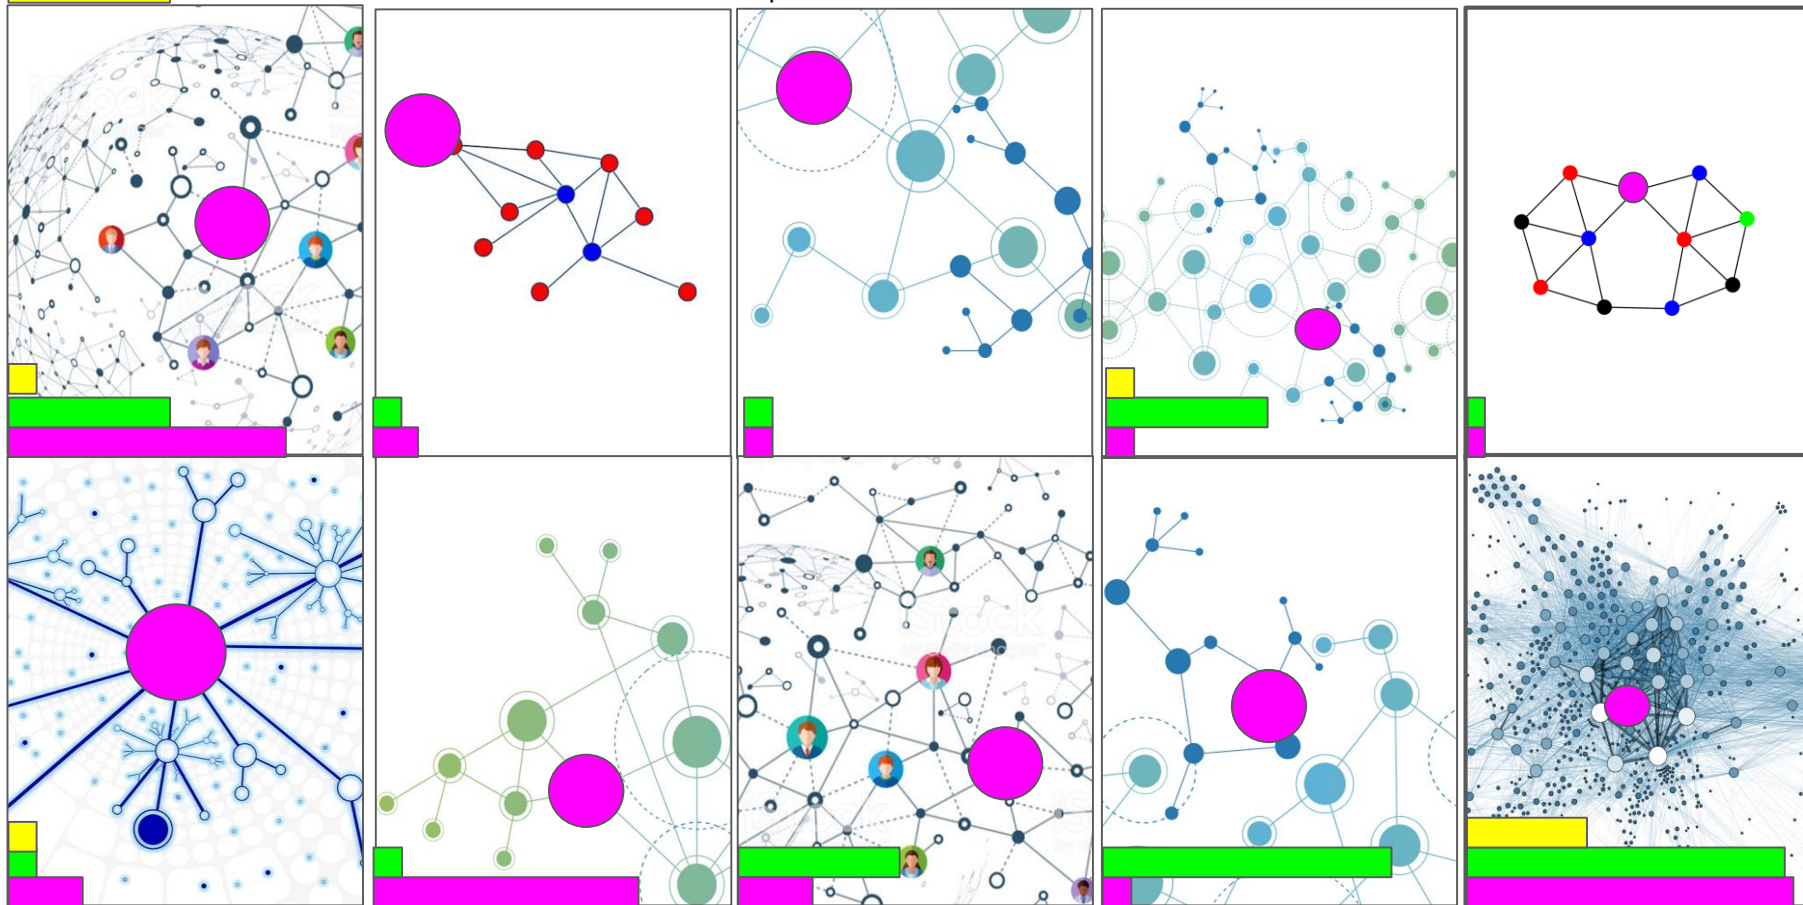

Use case

- An employer publishes a job offer
- 20 candidates respond to the offer
- **Will the employer read 20 Diploma Supplements?**
- If you responded “yes”, let’s say that **100** candidates responded: is your answer still Yes?
- **How can you create a DS in such a way that an employer will be able to read 100 DS at once?**
